

How much do you know?

Just for fun!...

1. What % of construction companies employ 14 workers or less? What % employ just 3 workers or less?
2. How many days were lost due to work-related injury and ill health in the construction industry last year?
3. What are the top 3 causes of accidents in construction?
4. If someone is off work for 6 months, what is the % likelihood that they will return to work? What about after 1 year? 2 years?
5. Explain the different types of asbestos surveys currently available? When would you use them?

How much do you know?

6. How many people will be told today that they have a terminal asbestos-related disease?
7. When did hot water (for handwashing) first become a requirement on construction sites?
8. Is it a legal requirement to wear a hard hat and hi-vis on site?
9. What % of the national construction workforce are migrant workers? What about in London?
10. How many full-time equivalent HSE inspectors cover Berkshire, Oxfordshire, Hampshire, Dorset & Isle of Wight?
