

Welcome to the Constructing Excellence Hampshire

About Constructing Excellence

To Download Details on Membership and an Application Form [Click Here](#)

For the UK construction industry to realise maximum value to all clients, end users and stakeholders and exceed their expectations through the consistent delivery of world-class products and services.

Introduction

Do you want to:

- Increase profitability
- Expand your business contacts
- Gain new business opportunities
- Develop skills and knowledge
- Visit demonstration projects
- Build awareness of the continuing changes in your industry

The aims of the Constructing Excellence Hampshire Club are: to assist building and construction businesses, clients and suppliers achieve greater profitability and long-term improvement through increased productivity, reduction in costs and a greater fulfilment of customer needs by implementing better management practices; to create a philosophy in the Hampshire area of co-operation in better training, mutual trust and dissemination of information between large and small organisations; to raise the profile of the construction industry in general. We aim to offer a regular programme of presentations, workshops and visits to demonstration projects that reflect the needs and interests of the existing club members. The success of the Hampshire Club will be driven by a strong management team of committed members. Constructing Excellence Hampshire Club is focused on supporting members to understand and implement best practice in their own companies in order to deliver real business value. This website provides information on future events and general details about the club but there is an exclusive "members only" section that offers added value to our members. There is a members' forum where information on Grants, Business Advice and Health & Safety initiatives are regularly posted. You can even post your own article for the club with this interactive feature. There is a classifieds section to promote and facilitate collaborative working. In this section professionals can collaborate with specialists on practical design, contractors can seek professional advice and clients can research best practice or even post details of tenders or enquiries. If you have a bright idea that needs research and development there are several academic centres who are members so you can share and develop your ideas with them. It is a interactive tool designed to bring people and ideas together. Membership

Membership of CE Hants costs just £50 per year for an individual or from £200 for a large corporate membership, for which you get access to the members only section of this website and free admission to all CE Hants events. For details on future events click the "Events" tab on the top or left hand menu. For further details on membership click on the "Contact Us" tab on the top menu and send a email with your details.
